Dvoretsky's Endgame Manual By Mark Dvoretsky

The first edition of Dvoretsky's Endgame Manual was immediately recognized by novice and master alike as one of the best books ever published on the endgame. The second edition is revised and enlarged – now over 400 pages – covering all the most important concepts required for endgame mastery. "I am sure that those who study this work carefully will not only play the endgame better, but overall, their play will improve. One of the secrets of the Russian chess school is now before you, dear reader!" – From the Foreword to the First Edition by Grandmaster Artur Yusupov "Going through this book will certainly improve your endgame knowledge, but just as important, it will also greatly improve your ability to calculate variations... What really impresses me is the deep level of analysis in the book... All I can say is: This is a great book. I hope it will bring you as much pleasure as it has me." – From the Preface to the First Edition by International Grandmaster Jacob Aagaard Here's what they had to say about the First Edition: "Dvoretsky's Endgame Manual ... may well be the chess book of the year... [It] comes close to an ultimate one-volume manual on the endgame." – Lubomir Kavalek in his chess column of December 1, 2003 in the Washington Post. "Dvoretsky's Endgame Manual is quite simply a masterpiece of research and insight. It is a tremendous contribution to endgame literature, certainly the most important one in many years, and destined to be a classic of the literature (if it isn't already one). The famous trainer Mark Dvoretsky has put together a vast number of examples that he has not only collected, but analysed and tested with some of the world's strongest players. This is a particularly important book from the standpoint of clarifying, correcting, and extending the theory of endings. Most of all, Dvoretsky's analysis is staggering in its depth and accuracy." – John Watson, reviewing DEM at The Week In Chess 2003 Book of the Year – JeremySilman.com 2003 Book of the Year – Seagaard Chess Reviews: "This is an extraordinary good chess book. To call this the best book on endgames ever written seems to be an opinion shared by almost all reviewers and commentators. And I must say that I am not to disagree." – Erik Sobjerg

Users Review

From reader reviews:

Ethel Fung:

This book untitled Dvoretsky's Endgame Manual to be one of several books that best seller in this year, that is because when you read this e-book you can get a lot of benefit onto it. You will easily to buy this book in the book retailer or you can order it through online. The publisher on this book sells the e-book too. It makes you quickly to read this book, because you can read this book in your Cell phone. So there is no reason to you personally to past this e-book from your list.

Kari Annis:

Reading a book tends to be new life style with this era globalization. With studying you can get a lot of information that could give you benefit in your life. Together with book everyone in this world could share their idea. Guides can also inspire a lot of people. A lot of author can inspire their own reader with their story or their experience. Not only the story that share in the publications. But also they write about the ability about something that you need instance. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that exist now. The authors on this planet always try to improve their expertise in writing, they also doing some analysis before they write to their book. One of them is this Dvoretsky's Endgame Manual.

Jacqueline Thompson:

Many people spending their time frame by playing outside having friends, fun activity using family or just watching TV the entire day. You can have new activity to shell out your whole day by looking at a book. Ugh, think reading a book can really hard because you have to use the book everywhere? It okay you can have the e-book, bringing everywhere you want in your Touch screen phone. Like Dvoretsky's Endgame Manual which is obtaining the e-book version. So , why not try out this book? Let's notice.

Linda Soto:

As a scholar exactly feel bored in order to reading. If their teacher expected them to go to the library or even make summary for some e-book, they are complained. Just minor students that has reading's heart or real their leisure activity. They just do what the teacher want, like asked to the library. They go to there but nothing reading critically. Any students feel that examining is not important, boring as well as can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this era, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this Dvoretsky's Endgame Manual can make you really feel more interested to read.
