I Want to Be Somebody New! (Beginner Books(R)) By Robert Lopshire

Spot, the beloved hero of *Put Me in the Zoo*, is back in another Beginner Book classic. When Spot grows tired of doing tricks in the circus, he decides to turn into another animal. But what kind? An elephant? An elephant is too big. A giraffe? A giraffe is too tall. How about a mouse? Can Spot's friends help him see that the very best thing to be is himself? *I Want to Be Somebody New!* is a spot-on tale of individuality and friendship.

Originally created by Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning.

"Spot changes from elephant to giraffe to mouse, trying to find a new identity, but discovers that every animal shape has its drawbacks. This intelligent, cheerful sequel, with its simple rhyming text, lives up to the reputation of its predecessor."--*Publishers Weekly*.

Editorial Review

From Publishers Weekly

Spot, who in *Put Me in the Zoo* learned that he was better off performing in a circus than behind bars at the zoo, returns with his two human friends. Spot changes from elephant to giraffe to mouse, trying to find a new identity. But he discovers that every animal shape has its drawbacks. As an elephant Spot can't squeeze into his favorite chair; as a giraffe his friends can't see his face; as a mouse he can't reach the door to his house. Finally Spot's friends convince him that being somebody new is never going to feel as good as just being his same old, spot-juggling self. This intelligent, cheerful sequel, with its simple rhyming text, lives up to the reputation of its predecessor. The art, which hasn't changed since the first book was published (1960), has a dated, but familiar look.

Copyright 1987 Reed Business Information, Inc.

From School Library Journal

PreSchool-Grade 1 After a hiatus exceeding some 25 years, Spot, the main character in *Put Me in the Zoo* (Random, 1960) reappears. Spot is not happy with himself, and he magically transforms himself into an elephant, a giraffe, and finally a mouse. It takes the girl and the boy whom Spot first met when he wanted to be in the zoo to convince Spot that they like him best when he is being himself. Although the familiar trademarks of this series, brightly colored illustrations and simple rhyming sentences, remain unchanged, the book has several flaws. The theme of self acceptance is quite admirable, but when Spot appears as an elephant, his friends point out that he's too fat, as a giraffe he is too tall, and as a mouse too small. Those children who see themselves in the above descriptions might actually be getting the reverse message from what the story is trying to convey. A book that might pose problems to children who are sensitive about their physical appearance. Tom S. Hurlburt, Minneapolis Public Library
