The Mystery of Marriage: A Theology of the Body and the Sacrament By Perry J. Cahall

The Mystery of Marriage is a comprehensive Catholic theology of marriage. Dr. Perry Cahall presents a theology of marriage that incorporates biblical, historical, and systematic perspectives while drawing upon Scripture and Tradition, with particular attention given to the Theology of the Body of Saint John Paul II. While there is certainly much scholarship on marriage, there is currently no book available in English that attempts to present a comprehensive theology of marriage from a Catholic perspective. Also, while there is a great deal of scholarly literature dealing with different aspects of marriage, and while there is an increasing amount of scholarship emerging on John Paul II's Theology of the Body, there does not yet exist a book that attempts to show the implications of the Theology of the Body for a comprehensive theology of marriage. This book represents a fresh approach to presenting the sacramental theology of marriage with a broad scope and incorporates the invaluable insights of the Theology of the Body given to us by John Paul II.

Editorial Review

Review

... this marvelous feast of a book also offers an extended reflection on the image of God; a study of the relation of eros and charity; a balanced analysis of the nature and goods of marriage; a detailed history of the development of the theology of marriage from the Old Testament through the twentieth century; an insightful treatment of marriage's place within the seven sacraments; a study of marital spirituality; a full-fledged and persuasive sexual ethics; an excellent discussion of the value of celibacy; and one of the best presentations I have ever seen of the unique marriage of Mary and Joseph. --Matthew Levering, PhD, Perry Family Foundation Professor of Theology, University of St. Mary of the Lake, Mundelein Seminary

After twenty-five years in the daily practice and teaching of canon law--with roughly half of that work being focused on marriage issues--I may say without exaggeration that it takes rather a lot to teach me something new about the Church and marriage. But Dr. Perry Cahall's *The Mystery of Marriage* does just that. Cahall demonstrates a solid command of the astonishing variety of sources that make up Church teaching on marriage, and then he draws on those sources in examining, in a careful and competent way, St. John Paul II's *Theology of the Body*. Cahall's study rewards not only selective, topical consultation, it also warrants a cover-to-cover reading. --Edward N. Peters, JD, JCD, Professor of Canon Law, Sacred Heart Major Seminary, Referendary, Apostolic Signatura

Perry J. Cahall expertly follows St. John Paul II in going back to the beginning of Genesis to discover the meaning of marriage, its mystery and sacramentality. A Church historian, Cahall ably portrays its long history and development. Especially noteworthy are the chapters on the Spirituality of Tenderness in marriage. This is a rich resource for seminaries and other teachers as well as those married couples seeking a deeper understanding of their vocation to love. --Mary Shivanandan STD, Emerita Professor of Theology, John Paul II Institute for Studies on Marriage and Family, At the Catholic University of America

Users Review

From reader reviews:

David Pimentel:

Nowadays reading books are more than want or need but also turn into a life style. This reading addiction give you lot of advantages. The benefits you got of course the knowledge even the information inside the book that will improve your knowledge and information. The data you get based on what kind of book you read, if you want attract knowledge just go with education and learning books but if you want sense happy read one along with theme for entertaining for example comic or novel. Often the *The Mystery of Marriage: A Theology of the Body and the Sacrament* is kind of guide which is giving the reader unstable experience.

Sadie McBride:
