## Chemistry for Today: General, Organic, and Biochemistry (with GOB ChemistryNow™ and InfoTrac) By Spencer L. Seager, Michael R. Slabaugh

Distinguished by its superior allied health focus and integration of technology, Seager and Slabaugh's CHEMISTRY FOR TODAY: GENERAL, ORGANIC, and BIOCHEMISTRY, Fifth Edition continues to lead the market on both fronts through numerous allied health-related applications, examples, boxes, and a new Companion Web Site, GOB ChemistryNow™. In addition to the many resources found in GOB ChemistryNow, this powerful new Web site contains questions modeled after the "Nursing School and Allied Health Entrance Exams" and NCLEX-LPN "Certification Exams." The authors strive to dispel users' inherent fear of chemistry and to instill an appreciation for the role chemistry plays in our daily lives through a rich pedagogical structure and an accessible writing style that provides lucid explanations. In addition, Seager and Slabaugh's CHEMISTRY FOR TODAY, Fifth Edition, provides greater support in both problem-solving and critical-thinking skills. By demonstrating how this information will be important to a reader's future career and providing important career information online, the authors not only help readers to set goals but also to focus on achieving them.

## **Editorial Review**

### **Review**

"Seager and Slabaugh is well written, student friendly, and well-organized."

"The authors' writing style is outstanding. The students and teachers like this book because it is clear and easy to understand," "The pedagogical elements of this textbook are very well presented. There is a wide range of choices and the teacher can use or ignore them depending on the teacher's needs and teaching style. The special topic boxes are very useful teaching tools."

"The 'Chemistry Around Us' and 'Over the Counter' boxes were very informative and interesting and should help the student understand the importance of chapter topics."

"Readability and proper level of approach are the main strengths of the text. The extra features ('Chemistry Around Us' and 'Over the Counter') are fantastic. The graphics are excellent. The material is accurate and quite up-to-date."

### **About the Author**

Spencer L. Seager is Professor of Chemistry at Weber State University, where he served as chemistry department chairman from 1969 until 1993. He teaches general and physical chemistry at the university and is also active in projects to help improve chemistry and other science education in local elementary schools. He received his B.S. in chemistry and Ph.D. in physical chemistry from the University of Utah.

Michael R. Slabaugh is Professor of Chemistry at Weber State University, where he teaches the year-long sequence of General, Organic, and Biochemistry. He received his B.S. in chemistry from Purdue and his Ph.D. in organic chemistry from Iowa State University. His interest in plant alkaloids led to a year of postdoctoral study in biochemistry at Texas A & M. His current professional interests are chemistry education and community involvement in science activities, particularly the State Science and Engineering Fair in Utah.

## **Users Review**

### **From reader reviews:**

#### **Fred Dean:**

Now a day those who Living in the era exactly where everything reachable by match the internet and the resources in it can be true or not involve people to be aware of each facts they get. How many people to be smart in acquiring any information nowadays? Of course the solution is reading a book. Examining a book can help men and women out of this uncertainty Information particularly this Chemistry for Today: General, Organic, and Biochemistry (with GOB ChemistryNow™ and InfoTrac) book because this book offers you rich information and knowledge. Of course the information in this book hundred pct guarantees there is no doubt in it everybody knows.

**Clare Andrews:**

This book untitled Chemistry for Today: General, Organic, and Biochemistry (with GOB ChemistryNow™ and InfoTrac) to be one of several books that best seller in this year, that is because when you read this publication you can get a lot of benefit into it. You will easily to buy this book in the book retail outlet or you can order it by using online. The publisher of this book sells the e-book too. It makes you quicker to read this book, since you can read this book in your Mobile phone. So there is no reason to your account to past this publication from your list.

**Ronald Griffin:**

The book with title Chemistry for Today: General, Organic, and Biochemistry (with GOB ChemistryNow™ and InfoTrac) contains a lot of information that you can learn it. You can get a lot of gain after read this book. This kind of book exist new understanding the information that exist in this e-book represented the condition of the world at this point. That is important to yo7u to learn how the improvement of the world. This specific book will bring you within new era of the glowbal growth. You can read the e-book on your smart phone, so you can read this anywhere you want.

**Angie Blakney:**

This Chemistry for Today: General, Organic, and Biochemistry (with GOB ChemistryNow™ and InfoTrac) is great guide for you because the content that is full of information for you who else always deal with world and also have to make decision every minute. This book reveal it data accurately using great coordinate word or we can say no rambling sentences inside. So if you are read this hurriedly you can have whole info in it. Doesn't mean it only offers you straight forward sentences but hard core information with lovely delivering sentences. Having Chemistry for Today: General, Organic, and Biochemistry (with GOB ChemistryNow™ and InfoTrac) in your hand like keeping the world in your arm, facts in it is not ridiculous a single. We can say that no reserve that offer you world with ten or fifteen tiny right but this reserve already do that. So , it is good reading book. Hey Mr. and Mrs. busy do you still doubt that?
