## Footsteps By Richard Holmes

Richard Holmes's great work of biographical exploration, published alongside its sister volume 'Sidetracks'.

In 1985, Richard Holmes published a small book of essays called 'Footsteps' and the writing of biography was changed forever. A daring mix of travel, biographical sleuthing and personal memoir, it broke all the conventions of the genre and remains one of the most intoxicating, magical works of modern literary exploration ever published.

Sleeping rough, he retraces Robert Louis Stevenson's famous journey through the Cevennes. Caught up in the Parisian riots of the 1960s, he dives back in time to the terrors of Wordsworth and of Mary Wollstonecraft marooned in Revolutionary Paris and then into the strange tortured worlds of Gérard de Nerval. Wandering through Italy, he stalks Shelley and his band of Romantic idealists to Casa Magni on the Gulf of Spezia.

Note that it has not been possible to include the same picture content that appeared in the original print version.

## **Editorial Review**

From Library Journal

Follow the footsteps of this absorbing and delightful author as he attempts to trace the paths of four sometimes intractable, but always fascinating, Romantic writers. Robert Louis Stevenson's travels through the Cevennes with a donkey; Mary Wollstonecraft's revolutionary Paris and friends; Percy B. Shelley's Italian exile (a postscript to Holmes's acclaimed Shelley biography); and Gerard de Nerval's deranged vision and sad pilgrimage are all presented with rigor, charm, and historical and personal sleuthwork. Holmes's interest in each biographical subject is palpable and seems at times a fixation. But he rewards the reader with a growing understanding of each writer's life, as well as much insight into the technique and art of biography. Enjoyable, informative reading for literati, this book is recommended for larger general and academic collections. Carol J. Lichtenberg, Washington State Univ. Lib., Pullman

Review

'This exhilarating book, part biography, part autobiography, shows the biographer as sleuth and huntsman, tracking his subjects through space and time.' Hilary Spurling, Observer 'Nothing is simple in this intricate, complicated and fascinating book, which is like a set of Russian dolls, biography containing travel-writing containing autobiography containing and so on! Holmes is indeed a biographer and a romantic in every sense.' Richard Boston, Guardian

From the Back Cover

Richard Holmes knew he had become a true biographer the day his bank bounced a check that he had inadvertently dated 1772. Because for the acclaimed chronicler of Shelly and Coleridge, biography is a physical pursuit, an ardent and arduous retracing of footsteps that may have vanished centuries before. In this gripping book, Holmes takes us from France's Massif Central, where he followed the route taken by Robert Louis Stevenson and a sweet-natured donkey, to Mary Wollstonecraft's Revolutionary Paris, to the Italian villages where Percy Shelly tried to cast off the structures of English morality and marriage. Footsteps is a wonderful exploration of the ties between biographers and their subjects, filled with passion and revelation.

## **Users Review**

**From reader reviews:**

**Kathryn Richardson:**

Reading can called imagination hangout, why? Because while you are reading a book mainly book entitled Footsteps your head will drift away trough every dimension, wandering in every single aspect that maybe unfamiliar for but surely will become your mind friends.
