Obstetrics and Gynecology in Chinese Medicine, 2e By Giovanni Maciocia CAc(Nanjing)

New edition of the most comprehensive Chinese Medicine Obstetrics and Gynecology textbook in the English language

World-renowned author and teacher Giovanni Maciocia gives a clear, detailed explanation of the physiology, pathology and aetiology of women's disorders in Traditional Chinese Medicine (TCM) and

adapts these to Western conditions and patients.

Seventy gynecological conditions are discussed in detail with consideration given to differentiation between conditions, the advised treatment using acupuncture and herbs, prevention and prognosis. Guidelines on lifestyle and use of the eight Extraordinary Vessels are provided, with case studies allowing easy application of theory to practice throughout.

New for this edition: New attractive two-colour layout with book marks to ease navigation Endometriosis and its treatment now included and fully covered in a new chapter Infertility chapter includes recent research highlighting factors in infertility All prescriptions now removed from the text and attractively presented in three appendices: Patient Remedies, Prescriptions and Three Treasure Remedies "Obstetrics and Gynecology in Chinese Medicine is a paradigmatic work. It is tempered with reverence and innovation, meticulous archival attention and detailed modern clinical insight. When future generations look back at this work they will find not only knowledge and wisdom but also reasons for inspiration and awe." From the Foreword to the first edition by Ted J. Kaptchuk, Associate Director, Centre for Alternative Medicine Research, Beth Israel Hospital; Instructor in Medicine, Harvard medical School, Boston, USA.

Editorial Review

Review

"This book provides an interesting counterpoint for obstetricians and gynaecologists practicing western medicine, as the explanations, treatments and management are so different...Dr Maciocia is able to compare the up-to-date Western scientific treatment and pathophysiology of the conditions with the TCM perspective...it is hard to imagine a more diverse, comprehensive or better text-book for those practicing TCM who are specialising in woman's health, or for obstetricians and gynaecologists with an interest in TCM."

Journal of Obstetrics and Gynaecology, May 2012

About the Author

Giovanni Maciocia is one of the most highly-regarded and respected authors and lecturers in the West. He is Visiting Associate Professor at the Nanjing University of Traditional Chinese Medicine and has many years of experience in teaching and practice. Giovanni trained initially in the UK and then in China, learned Chinese to be able to study from original Chinese texts, and was one of the first practitioners and authors to introduce Chinese medicine in a clear and accessible way to a Western student audience.

Giovanni Maciocia has written other best-selling books under the Elsevier Churchill Livingstone imprint - The Practice of Chinese Medicine: The Treatment of Diseases with Acupuncture and Chinese Herbs, 2e (ISBN 978-0443074905), Diagnosis in Chinese Medicine: A Comprehensive Guide, 1e (ISBN 9780443064487), The Channels of Acupuncture: Clinical Use of the Secondary Channels and Eight Extraordinary Vessels, 1e (ISBN 9780443074912), The Psyche in Chinese Medicine: Treatment of Emotional and Mental Disharmonies with Acupuncture and Chinese Herbs, 1e (ISBN 9780702029882), and *Obstetrics and Gynecology in Chinese Medicine, 2e* (ISBN 9780443104220).

Users Review

From reader reviews:

Paul Otoole:

Book is definitely written, printed, or descriptive for everything. You can realize everything you want by a guide. Book has a different type. We all know that that book is important matter to bring us around the world. Next to that you can your reading talent was fluently.
