### Basic Chemistry (5th Edition) By Karen C. Timberlake

*For courses in introductory, preparatory, and basic chemistry.*

#### Engages First Time Chemistry Students

**Basic Chemistry** introduces students to the essential scientific and mathematical concepts of general chemistry. With accessible language and a moderate pace, the text is easy-to-follow for first-time chemistry students, as well as those hoping to renew their studies of the subject.

In the **Fifth Edition**, Bill and Karen Timberlake carefully develop core ideas while relating them to the possibility of future careers. The book guides students through basic chemistry problem solving with engaging visuals and a focus on developing the math skills necessary to be successful in the course. End of chapter questions strategically promote integration of cumulative ideas, allowing students to develop a strong foundation for learning chemistry and encouraging them to continue their studies in the field. The main objective in writing this text is to make the study of chemistry an engaging and a positive experience for students by relating the structure and behavior of matter to real life. This new edition introduces more problem-solving strategies, more problem-solving guides, new Analyze the Problem with Connect features, new Try It First and Engage features, conceptual and challenge problems, and new sets of combined problems.

#### Also available with MasteringChemistry™

MasteringChemistry from Pearson is the leading online homework, tutorial, and assessment system, designed to improve results by engaging students before, during, and after class with powerful content. Instructors ensure students arrive ready to learn by assigning educationally effective content before class, and encourage critical thinking and retention with in-class resources such as Learning Catalytics™. Students can further master concepts after class through traditional and adaptive homework assignments that provide hints and answer-specific feedback. The Mastering gradebook records scores for all automatically graded assignments in one place, while diagnostic tools give instructors access to rich data to assess student understanding and misconceptions.

**Note:** You are purchasing a standalone product; MasteringChemistry does not

come packaged with this content. Students, if interested in purchasing this title with MasteringChemistry, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information.

If you would like to purchase both the physical text and MasteringChemistry, search for:

0134074300 / 9780134074306 *Basic Chemistry Plus MasteringChemistry with eText -- Access Card Package, 5/e*

Package consists of:

- **0134177134 / 9780134177137 MasteringChemistry with Pearson eText -- ValuePack Access Card -- for Basic Chemistry, 5/e**
- 013413804X / 9780134138046 *Basic Chemistry 5/e*

### Editorial Review

#### About the Author

**Karen Timberlake** is a professor emeritus at Los Angeles Valley College and is a well-known and successful author. She taught GOB chemistry at LAVC and preparatory chemistry for several years at UCLA. She is the author of *Introduction to General, Organic, and Biological Chemistry*, 12e and *General, Organic, and Biological Chemistry: Structures of Life*, 5e.

**Bill Timberlake** is also a professor emeritus at Los Angeles Harbor College where he taught preparatory and organic chemistry for 36 years.

Karen Timberlake and Bill Timberlake are known for their accessible writing style, based on carefully paced and simple development of chemical ideas, suited to the background of preparatory students.

### Users Review

#### From reader reviews:

##### **William Smith:**

In this 21st centuries, people become competitive in every single way. By being competitive currently, people have do something to make them survives, being in the middle of often the crowded place and notice by means of surrounding. One thing that oftentimes many people have underestimated this for a while is reading. That's why, by reading a reserve your ability to survive boost then having chance to stand up than other is high. To suit your needs who want to start reading a book, we give you this specific Basic Chemistry (5th Edition) book as starter and daily reading e-book. Why, because this book is usually more than just a book.

##### **Cory Marshall:**

Typically the book Basic Chemistry (5th Edition) will bring you to the new experience of reading some sort of book. The author style to clarify the idea is very unique. In the event you try to find new book to study, this book very suitable to you. The book Basic Chemistry (5th Edition) is much recommended to you to read. You can also get the e-book from your official web site, so you can more readily to read the book.

##### **Kathleen Young:**

A lot of people always spent their particular free time to vacation as well as go to the outside with them family or their friend. Did you know? Many a lot of people spent they free time just watching TV, or maybe playing video games all day long. If you want to try to find a new activity that is look different you can read any book. It is really fun for yourself. If you enjoy the book that you read you can spent the entire day to reading a reserve. The book Basic Chemistry (5th Edition) it is rather good to read. There are a lot of people who recommended this book. These people were enjoying reading this book. In the event you did not have

enough space to bring this book you can buy typically the e-book. You can more quickly to read this book out of your smart phone. The price is not too costly but this book provides high quality.

**Virginia Berry:**

Why? Because this Basic Chemistry (5th Edition) is an ordinary book that the inside of the reserve waiting for you to snap that but latter it will zap you with the secret the item inside. Reading this book alongside it was fantastic author who have write the book in such wonderful way makes the content on the inside easier to understand, entertaining means but still convey the meaning fully. So , it is good for you for not hesitating having this nowadays or you going to regret it. This excellent book will give you a lot of benefits than the other book include such as help improving your expertise and your critical thinking means. So , still want to hold up having that book? If I ended up you I will go to the guide store hurriedly.
