Code: A Virals Novel By Kathy Reichs

Tory and the rest of the Virals are put to the ultimate test when they find a geocache containing an ornate puzzle box. Shelton decodes the cipher inside, only to find more tantalizing clues left by "The Gamemaster." A second, greater geocache is within reach—if the Virals are up to the challenge. But the hunt takes a dark turn when Tory locates the other box—it contains a fake bomb, along with a sinister proposal from The Gamemaster. Now, the real game has begun: another bomb is out there—a real one—and the clock is ticking.

Editorial Review

From School Library Journal

Gr 7-9-Months ago, 14-year-old Tory and her friends accidentally acquired supernatural abilities while attempting to solve a decades-old cold-case murder. Now, the group has discovered a geocache, left behind by someone they know only as the "Gamemaster." The Gamemaster leads the gang on a scavenger hunt peppered with puzzles, codes, and riddles. As the treasures they find become increasingly dangerous, Tory and her friends suspect that one geocache may be a ticking time bomb. The Virals must race against the clock to find it before it detonates and kills innocent people. While this sci-fi/mystery mash-up has some plot inconsistencies and implausible moments, it will appeal to fans of the first two books. The four Virals-Tory, Shelton, Ben, and Hi-are well defined in the course of the story. Though they are all intelligent and protective of one another, their actions are not always prudent or legally sound. The group's "save the world" mentality thrusts them into plenty of perilous situations, and simply letting law enforcement handle the Gamemaster is never a real consideration. Still, the friends admirably stick together and will stop at nothing to protect the innocent.-Leigh Collazo, Ed Willkie Middle School, Fort Worth, TX ©(c) Copyright 2013. Red herrings and complex codes abound in the latest book in the Virals series, featuring Tory Brennan, the niece of Reichs' character Temperance Brennan, of the *Bones* forensic mystery series and TV show. Tory and her pack of fellow Virals, three guy pals who all share wolf DNA due to an experiment gone awry, learn new ways to pool their powers as they draw together to foil a nemesis known as the Gamemaster. The baddie plants elaborate clues for his victims to find—and disarm—before leading them into ever more complex danger. There is never a dull moment for fans of the series, which promises to be long running. Grades 7-10.
--Karen Cruze

About the Author

Kathy Reichs (www.kathyreichs.com), like her iconic character Dr. Temperance Brennan, is a board-certified forensic anthropologist. The creator of the Fox television hit *Bones*, now in its eighth season, Reichs has written fourteen books in the Temperance Brennan series, all *New York Times* bestsellers, including #1. *Code* is her third novel for young readers.

Brendan Reichs (www.brendanreichs.com) was born and raised in Charlotte, North Carolina. He graduated from Wake Forest University in 2000 and The George Washington University School of Law in 2006. After three long years working as a litigation attorney, he abandoned the trade to co-write the Virals series. He lives in Charlotte with his wife, Emily, daughter, Alice, and son, Henry. He plans to keep writing novels until they drag him from his desk.

Users Review

From reader reviews:

Francisca Varney:

What do you with regards to book? It is not important to you? Or just adding material when you really need

something to explain what your own problem? How about your extra time? Or are you busy man or woman? If you don't have spare time to do others business, it is make one feel bored faster. And you have time? What did you do? Every individual has many questions above. They must answer that question simply because just their can do that will. It said that about e-book. Book is familiar in each person. Yes, it is suitable. Because start from on jardín de infancia until university need that Code: A Virals Novel to read.

Janice Perry:

Information is provisions for folks to get better life, information today can get by anyone on everywhere. The information can be a knowledge or any news even an issue. What people must be consider when those information which is in the former life are difficult to be find than now could be taking seriously which one is suitable to believe or which one often the resource are convinced. If you get the unstable resource then you have it as your main information we will see huge disadvantage for you. All of those possibilities will not happen in you if you take Code: A Virals Novel as the daily resource information.

David Betancourt:

Many people spending their time by playing outside with friends, fun activity along with family or just watching TV the entire day. You can have new activity to pay your whole day by looking at a book. Ugh, ya think reading a book can actually hard because you have to use the book everywhere? It ok you can have the e-book, getting everywhere you want in your Mobile phone. Like Code: A Virals Novel which is having the e-book version. So , try out this book? Let's notice.

Pam Boyd:

E-book is one of source of expertise. We can add our knowledge from it. Not only for students but native or citizen need book to know the revise information of year for you to year. As we know those books have many advantages. Beside many of us add our knowledge, could also bring us to around the world. By book Code: A Virals Novel we can get more advantage. Don't you to be creative people? Being creative person must love to read a book. Merely choose the best book that acceptable with your aim. Don't always be doubt to change your life at this book Code: A Virals Novel. You can more appealing than now.
