Editorial Review

Review

"I have found this book to be invaluable for my own learning and strongly recommend it to those beginning to work in cardiac pacing and also to those with more advanced knowledge. The excellent illustrations make the book extremely easy to understand, and it represents excellent value for money with the additional website resource. Thoroughly recommended." (*Cardiology News*, 1 April 2013)

"This is a simple book that makes reading about cardiac pacemakers and resynchronization therapy interesting and interactive. It is an effective tool for understanding more about pacing and cardiac resynchronization therapy." (Doody's, 23 September 2011)
