**Japanese Photobooks of the 1960s and 70s** By Ivan Vartanian, Ryuichi Kaneko

The public profile of the Japanese photography book has recently boomed, from near-complete obscurity to great desirability. And not only for the aficionados. Photobooks that once were entirely unknown outside Japan (except to a few well-informed scholars and collectors) now sell at astronomical prices at auctions and online. And yet the photobook has been central to the development of Japanese photography, particularly in its postwar phase. To sketch the stages of this boom: 1999's *Fotografia Publica* included just one Japanese photobook, Kiyoshi Koishi's *Early Summer Nerves* of 1937, plus two photo magazines from the 1930s, *Nippon* and *Kôga*; Andrew Roth's *The Book of 101 Books* (2001) listed four seminal titles by Hosoe, Kawada, Araki and Moriyama; but it was not until 2004, with the first volume of Martin Parr and Gerry Badger's indispensable *The Photobook: A History*, that it began to be clear what a rich body of work awaited excavation. *Japanese Photobooks of the 1960s and 70s* may be seen as a culmination of this trajectory and, as such, marks a very exciting moment in photo publishing and in the history of photography. It presents 40 definitive publications from the era, piecing together a previously invisible history from some of the most influential works, as well as from forgotten gems, and situating them against the broader historical and sociological backdrop. Each book, beautifully reproduced through numerous spreads, is accompanied by an in-depth explanatory text, and sidebars highlight important editors, designers, themes and periodicals. A superb production, *Japanese Photobooks* is a landmark celebration of the distinct character and influence of the Japanese photobook.

## **Editorial Review**

### **Review**

"A wide range of subject matter and execution is on display, the only connecting thread being the skill of sequence and juxtaposition, and first-rate graphic and typographic design." --Ag: The International Journal of Photographic Art & Practice

"With each book described and displayed over several pages, the care given to format, design, printing, and sequencing is especially evident; with few exceptions, these are artists' books--brilliant, compact realizations of idiosyncratic visions... Although Japanese Photobooks omits several notable titles covered extensively elsewhere, it introduces many more that will be news to all but the most dedicated collectors, making this an invaluable addition to the ever-expanding shelf of photographic books on books." -- Vince Aletti -- Photograph Magazine

## **Users Review**

### **From reader reviews:**

#### **Lewis Labelle:**

This Japanese Photobooks of the 1960s and 70s is new way for you who has intense curiosity to look for some information since it relief your hunger associated with. Getting deeper you into it getting knowledge more you know otherwise you who still having tiny amount of digest in reading this Japanese Photobooks of the 1960s and 70s can be the light food for yourself because the information inside that book is easy to get simply by anyone. These books create itself in the form which is reachable by anyone, that's why I mean in the e-book type. People who think that in reserve form make them feel drowsy even dizzy this reserve is the answer. So there is absolutely no in reading a guide especially this one. You can find what you are looking for. It should be here for you actually. So , don't miss that! Just read this e-book sort for your better life and also knowledge.

#### **Shane Webb:**

Do you like reading a guide? Confuse to looking for your selected book? Or your book had been rare? Why so many concern for the book? But any people feel that they enjoy for reading. Some people likes reading, not only science book and also novel and Japanese Photobooks of the 1960s and 70s or even others sources were given understanding for you. After you know how the fantastic a book, you feel desire to read more and more. Science guide was created for teacher or students especially. Those books are helping them to bring their knowledge. In additional case, beside science book, any other book likes Japanese Photobooks of the 1960s and 70s to make your spare time much more colorful. Many types of book like this one.

#### **Vivian Nava:**

As a university student exactly feel bored in order to reading. If their teacher asked them to go to the library

or to make summary for some e-book, they are complained. Just tiny students that has reading's heart and soul or real their leisure activity. They just do what the educator want, like asked to go to the library. They go to there but nothing reading significantly. Any students feel that studying is not important, boring in addition to can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this Japanese Photobooks of the 1960s and 70s can make you feel more interested to read.

**Cinthia Jacobsen:**

What is your hobby? Have you heard that will question when you got scholars? We believe that that question was given by teacher on their students. Many kinds of hobby, Everyone has different hobby. Therefore you know that little person such as reading or as reading through become their hobby. You should know that reading is very important along with book as to be the matter. Book is important thing to include you knowledge, except your teacher or lecturer. You find good news or update with regards to something by book. Amount types of books that can you go onto be your object. One of them is niagra Japanese Photobooks of the 1960s and 70s.
