One Man Against the World: The Tragedy of Richard Nixon By Tim Weiner

A shocking and riveting look at one of the most dramatic and disastrous presidencies in US history, from Pulitzer Prize and National Book Award winner Tim Weiner

Based largely on documents declassified only in the last few years, *One Man Against the World* paints a devastating portrait of a tortured yet brilliant man who led the country largely according to a deep-seated insecurity and distrust of not only his cabinet and congress, but the American population at large. In riveting, tick-tock prose, Weiner illuminates how the Vietnam War and the Watergate controversy that brought about Nixon's demise were inextricably linked. From the hail of garbage and curses that awaited Nixon upon his arrival at the White House, when he became the president of a nation as deeply divided as it had been since the end of the Civil War, to the unprecedented action Nixon took against American citizens, who he considered as traitorous as the army of North Vietnam, to the infamous break-in and the tapes that bear remarkable record of the most intimate and damning conversations between the president and his confidantes, Weiner narrates the history of Nixon's anguished presidency in fascinating and fresh detail.

A crucial new look at the greatest political suicide in history, *One Man Against the World* leaves us not only with new insight into this tumultuous period, but also into the motivations and demons of an American president who saw enemies everywhere, and, thinking the world was against him, undermined the foundations of the country he had hoped to lead.

Editorial Review

Review

"[An] eye-opening study of Richard Nixon's booze-soaked, paranoid White House years and the endless tragedies they wrought....It speaks volumes about Nixon that there is still more to learn about him, 40-plus years after Watergate. It speaks further volumes that what we are learning is even worse than what we knew....Weiner's findings, drawing on the entirety of Nixon's secret tapes and other documents, are certainly newsworthy....No one who reads this incisive book will be nostalgic for Nixon, no matter how disastrous his successors." -- Kirkus (starred review)

"Weiner, a National Book Award winner for *Legacy of Ashes*, pulls no punches in his devastating account of Nixon's presidency, drawing on documents declassified in the last seven years.... Chilling excerpts from tape recordings that have only recently been made accessible include coldblooded exchanges between Nixon and then-Secretary of State Henry Kissinger in which the two debate the merits of committing war crimes in order to win in Vietnam. This is powerful raw material, but Weiner's brilliant turns of phrase transform it into something extraordinary." -Publisher's Weekly (Starred Review)

"Rich in behind-the-scenes views of political and foreign-policy maneuvering, **One Man Against the World** is an excellent guide to better understand Nixon as a man, as well as his policy in Vietnam and the beginnings of the Watergate scandal. Weiner writes so well that his book is not only authoritative but a riveting read." -- BookPage

From the Author

Richard Nixon has fascinated me for more than forty years. I thought I knew something about the man and his presidency when I began this work. Then I discovered a trove of top-secret documents from the Nixon years had been declassified in recent years. I dug into them with a growing excitement. I felt like a treasure-hunter unearthing the palace of a lost empire.

Tens of thousands of files from his White House, his National Security Council, the CIA, the FBI, the State Department, the Pentagon, and the Joint Chiefs of Staff were newly unsealed. So were minutes of the secret White House committees that controlled military and intelligence operations under Nixon. The transcripts of federal grand jury testimony by Nixon himself, the only president ever compelled to answer questions under oath in a criminal case, were now public records. Hundreds of hours of his infamous tapes finally came out in 2013 and 2014, along with previously classified entries in the daily diary of Nixon's closest aide, H. R. Haldeman. Together, they ensure that every quotation and each citation in this book is on the record: no blind quotes, no unnamed sources, and no hearsay statements. What compelled him to commit crimes-- secretly collecting campaign cash from foreign dictators and aspiring American ambassadors, wiretapping his loyal aides and distinguished diplomats as if they were foreign spies-- and then conspire to conceal them? Why did he drive the nation deeper into Vietnam, at a cost of tens of thousands of American lives, only to accept a settlement no better than the one he could have signed on his first day in office? Why did he lie about his war plans to his secretary of defense and his secretary of state? What were the Watergate burglars seeking? Why did Nixon tape-record the evidence that proved his complicity in the cover-up? Why did he undertake the unconstitutional actions that led to his resignation?

Now we have answers, straight from the president and his closest aides. The story is richer and stranger than

we ever knew. For those who lived under Nixon, it is worse than you may recollect. For those too young to recall, it is worse than you can imagine.

From the Inside Flap

Here is the first history of President Richard Nixon with *all* of his secret tapes and documents, many declassified over the past two years. They let the reader listen in as Nixon, gripped by rage and insomnia and alcohol, makes disastrous decisions that brought death to American soldiers, destruction in Vietnam, and doom to his presidency.

Pulitzer Prize and National Book Award winner Tim Weiner presents a devastating portrait of a tortured and tormented man. In gripping prose, the author shows how, in Nixon's mind, the conflict in Vietnam and the crimes of Watergate were one war, fought on two fronts.

A brilliant politician, Nixon rose by force of will from a crowded shack in rural California to the White House. But, as President, Nixon trusted no one -- not his cabinet, not his closest advisers, not the American people -- and that was the beginning of his downfall. He saw enemies everywhere and, standing alone, took up arms against them.

Nixon saw himself not only as the leader of the free world but "*the* world leader." Yet he was addicted to the gutter politics that ruined him. His political suicide has no equal in American history. That was his tragedy to bear.

Users Review

From reader reviews:

Hazel Mishler:

Book is usually written, printed, or outlined for everything. You can know everything you want by a reserve. Book has a different type. We all know that that book is important matter to bring us around the world. Close to that you can your reading ability was fluently. A book One Man Against the World: The Tragedy of Richard Nixon will make you to be smarter. You can feel more confidence if you can know about everything. But some of you think in which open or reading the book make you bored. It is not make you fun. Why they may be thought like that? Have you searching for best book or ideal book with you?

James Ellis:

Do you considered one of people who can't read pleasant if the sentence chained from the straightway, hold on guys that aren't like that. This One Man Against the World: The Tragedy of Richard Nixon book is readable through you who hate those straight word style. You will find the information here are arranged for enjoyable examining experience without leaving even decrease the knowledge that want to deliver to you. The writer involving One Man Against the World: The Tragedy of Richard Nixon content conveys objective easily to understand by many individuals. The printed and e-book are not different in the content material but it just different as it. So , do you still thinking One Man Against the World: The Tragedy of Richard Nixon is not loveable to be your top checklist reading book?

Charlotte Cooper:

The reason why? Because this One Man Against the World: The Tragedy of Richard Nixon is an unordinary book that the inside of the guide waiting for you to snap it but latter it will zap you with the secret this inside. Reading this book alongside it was fantastic author who else write the book in such wonderful way makes the content inside of easier to understand, entertaining method but still convey the meaning completely. So , it is good for you because of not hesitating having this ever again or you going to regret it. This amazing book will give you a lot of benefits than the other book include such as help improving your skill and your critical thinking approach. So , still want to hold up having that book? If I were being you I will go to the publication store hurriedly.

Bruce Patton:

This One Man Against the World: The Tragedy of Richard Nixon is brand new way for you who has curiosity to look for some information as it relief your hunger associated with. Getting deeper you onto it getting knowledge more you know or perhaps you who still having small amount of digest in reading this One Man Against the World: The Tragedy of Richard Nixon can be the light food for you personally because the information inside this specific book is easy to get by simply anyone. These books produce itself in the form that is reachable by anyone, yes I mean in the e-book contact form. People who think that in book form make them feel drowsy even dizzy this guide is the answer. So there is no in reading a e-book especially this one. You can find what you are looking for. It should be here for you actually. So , don't miss this! Just read this e-book type for your better life as well as knowledge.
