**Harrison's Principles of Internal Medicine, Self-Assessment and Board Review** By Charles Wiener, Anthony Fauci, Eugene Braunwald, Dennis Kasper, Stephen Hauser, Dan Longo, J. Jameson, Joseph Loscalzo

**The ultimate study partner, based on the classic content of *Harrison's Principles of Internal Medicine, 17e***

## 5 STAR DOODY'S REVIEW!

"As *Harrison's* is one of the all-time comprehensive texts of internal medicine, this book goes far in delineating what essential facts must be mastered. The editors have assembled the experts in medicine, which makes this book particularly useful....The questions are posed, along with necessary graphics, in a way one could expect them on the examination. The explanations are direct from the parent text and comprehensive.... This is one of the better board reviews available. It is comprehensive and to the point. It is a necessary tool for anyone preparing for the internal medicine certification examination." -- *Doody's Review Service*

When it comes to preparing for IM Board certification or recertification/maintenance of certification, there's no better study tool than the one that bears the *Harrison's* name: *Harrison's Principles of Internal Medicine, Self-Assessment and Board Review*.

Reflecting all the authority and accuracy of *Harrison's 17th edition* content, this guidebook features more than **1000 review questions**, along with complete answers and explanations derived from--and cross-referenced to--the parent text. Also included are references to recent journal articles that solidify your understanding of key information.

## Features:

- Content that closely follows the organization and coverage of the 17th edition of *Harrison's Principles of Internal Medicine*
- More than 1000 revised and updated questions simulate those on the primary

certification examination in internal medicine

- High-yield content reflects the weighting of subject matter included on the Internal Medicine Examination Blueprint
- Coverage spans the entire spectrum of internal medicine
- **NEW!** Expanded Color Atlas insert

## **Users Review**

**From reader reviews:**

**Alicia Gentry:**

What do you about book? It is not important to you? Or just adding material when you need something to explain what your own problem? How about your free time? Or are you busy person? If you don't have spare time to accomplish others business, it is make one feel bored faster. And you have extra time? What did you do? Everyone has many questions above. They must answer that question simply because just their can do that will. It said that about e-book. Book is familiar in each person. Yes, it is appropriate. Because start from on guardería until university need this kind of Harrison's Principles of Internal Medicine, Self-Assessment and Board Review to read.

**Lewis Labelle:**

Reading a book tends to be new life style on this era globalization. With reading through you can get a lot of information that will give you benefit in your life. Along with book everyone in this world could share their idea. Guides can also inspire a lot of people. Plenty of author can inspire their particular reader with their story as well as their experience. Not only situation that share in the ebooks. But also they write about advantage about something that you need example of this. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book that exist now. The authors on earth always try to improve their skill in writing, they also doing some study before they write to their book. One of them is this Harrison's Principles of Internal Medicine, Self-Assessment and Board Review.

**Mildred Kelly:**

Precisely why? Because this Harrison's Principles of Internal Medicine, Self-Assessment and Board Review is an unordinary book that the inside of the guide waiting for you to snap that but latter it will jolt you with the secret that inside. Reading this book alongside it was fantastic author who else write the book in such awesome way makes the content within easier to understand, entertaining means but still convey the meaning completely. So , it is good for you because of not hesitating having this any more or you going to regret it. This amazing book will give you a lot of gains than the other book get such as help improving your proficiency and your critical thinking means. So , still want to postpone having that book? If I ended up you I will go to the publication store hurriedly.

**Jared Carter:**

Many people spending their moment by playing outside with friends, fun activity along with family or just watching TV all day every day. You can have new activity to invest your whole day by studying a book. Ugh, ya think reading a book really can hard because you have to accept the book everywhere? It ok you can have the e-book, delivering everywhere you want in your Smart phone. Like Harrison's Principles of Internal Medicine, Self-Assessment and Board Review which is having the e-book version. So , why not try out this book? Let's see.
