Shadow Woman: A Novel By Linda Howard

NEW YORK TIMES BESTSELLER

From Linda Howard comes a thrilling and sensual new novel of romance, suspense, intrigue . . . and memories that can kill.

SHADOW WOMAN

Lizette Henry wakes up one morning and makes a terrifying discovery: She doesn't recognize the face she sees in the mirror. She remembers what she looks like, but her reflection is someone else's. To add to the shock, two years seem to have disappeared from her life. Someone has gone to great and inexplicable lengths to keep those missing years hidden forever. But the past always finds a way to return.

Strange memories soon begin to surface and, along with them, some unusual skills and talents that Lizette hasn't a clue about acquiring. Sensing that she's being monitored, Lizette suddenly knows how to search for bugs in her house and tracking devices in her car. What's more, she can elude surveillance—like a trained agent.

Enter a mysterious and seductive stranger named Xavier, who claims he wants to help—but who triggers disturbing images of an unspeakable crime of which Lizette may or may not be the perpetrator. With memories returning, she suddenly becomes a target of anonymous assassins. On the run with nowhere to hide, Lizette has no choice but to rely on Xavier, a strong and magnetic man she doesn't trust, with a powerful attraction she cannot resist. As murky waters become clear, Lizette confronts a conspiracy that is treacherous and far-reaching and a truth that, once revealed, may silence her and Xavier once and for all.

Four years after the first lady shoots the president and then herself, a woman in northern Virginia wakes up one morning, looks in the mirror, and sees a face that isn't hers. How could this be? As she thinks back on her life, Lizette realizes that there's a two-year gap in her recent memory. As she makes this discovery and works to recover her memories of those years, her handlers are starting to panic as they pick up her agitated mutterings via the bugs they've placed in her house. If she remembers everything that happened before they wiped her mind, the handlers will all be in deep trouble. Her former lover and now anonymous protector, Xavier, also knows what her awakening mind means: those who erased her memories will now want to kill her. Saving Lizette means going against protocol and aligning himself with what his superiors see as the wrong side. As usual, veteran Howard, the queen of romantic suspense, gives readers a roller-coaster ride of action, intrigue, and love. --Pat Henshaw
