

C791 (Cyborgs: More Than Machines)

By Eve Langlais

C791 (Cyborgs: More Than Machines) By Eve Langlais

Machines aren't supposed to feel, but this cyborg can't help falling in love.

Assigned as a specimen collector for a captured cyborg, Chloe is intrigued by the machine disguised as a man. Kidnapped during his daring escape, he shows her that despite the chip in his brain, his humanity is not completely lost.

Formerly known as unit X109GI, Joe is on a quest to discover his origin. While he doesn't find the answers he's looking for, he does discover that affection and lust aren't just for humans. But when it comes to a battle between logic and love, which side will the cybernetic organism—once a man—choose?

Editorial Review

Review

Five Star Review - "I loved the superiority of the cyborgs and I loved how Chloe kept knocking the boys off their logical high horses with emotional responses that left them befuddled... And I loved how logical the guys were, but still couldn't stop feeling, no matter how hard they tried. "*says Niina @ For The Love of Reading*

Five Star Review - " This is definitely a story worth reading over and over again to grasp the subtle clues to the mystery surrounding Chloe and her role. I highly recommend this story to people who love a great science fiction story with romance, passionate sex, and a moral dilemma. "*says Sizzling Hot Books*

Five Spider Review - "This was an excellent read. Fresh story line, fast-moving, absolutely great sex scenes, and really heart-felt emotions. You can connect with the characters, even if they are only supposed to be half human. You feel their pain and marvel in the unique ways they are able to triumph over the military..lol. Halfway through the story I am wondering if I am a traitor because I want the cyborgs to win." *says Close Encounters With The Night Kind*

Five Star Review - "I think that from all the books I've read or movies I've seen with cyborgs, this is the most realistic and complete description of what and who is a cyborg." *says Dolce Amore of Book Up*

Five Howl Review - "OMG I LOVED, LOVED, LOVED THIS BOOK!!!! This book had everything that you are looking for in a story that will keep you glued to the pages: suspense, mystery, action, emotional content that will have your heart aching and a gorgeous, hunky hero that will have you wishing you were the one getting his special treatment." *says Ollie of Bitten By Paranormal Romance*

Users Review

From reader reviews:**Sandra Davis:**

Throughout other case, little individuals like to read book C791 (Cyborgs: More Than Machines). You can choose the best book if you want reading a book. Providing we know about how is important any book C791 (Cyborgs: More Than Machines). You can add information and of course you can around the world with a book. Absolutely right, because from book you can understand everything! From your country right up until foreign or abroad you can be known. About simple thing until wonderful thing you can know that. In this era, we could open a book as well as searching by internet system. It is called e-book. You should use it when you feel bored stiff to go to the library. Let's learn.

Anne Shivers:

Can you one of the book lovers? If yes, do you ever feeling doubt while you are in the book store? Try and pick one book that you find out the inside because don't ascertain book by its include may doesn't work the following is difficult job because you are afraid that the inside maybe not since fantastic as in the outside seem likes. Maybe you answer can be C791 (Cyborgs: More Than Machines) why because the great cover that make you consider regarding the content will not disappoint a person. The inside or content is usually fantastic as the outside or even cover. Your reading 6th sense will directly make suggestions to pick up this book.

Emily Ferrell:

As we know that book is essential thing to add our understanding for everything. By a reserve we can know everything you want. A book is a list of written, printed, illustrated as well as blank sheet. Every year had been exactly added. This e-book C791 (Cyborgs: More Than Machines) was filled in relation to science. Spend your spare time to add your knowledge about your science competence. Some people has diverse feel when they reading a new book. If you know how big good thing about a book, you can feel enjoy to read a publication. In the modern era like at this point, many ways to get book that you just wanted.

Alexander Pridmore:

As a student exactly feel bored to help reading. If their teacher expected them to go to the library as well as to make summary for some book, they are complained. Just little students that has reading's spirit or real their interest. They just do what the teacher want, like asked to go to the library. They go to presently there but nothing reading seriously. Any students feel that reading through is not important, boring in addition to can't see colorful pics on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this C791 (Cyborgs: More Than Machines) can make you feel more interested to read.
