Intelligent Control Systems with LabVIEW™ By Pedro Ponce-Cruz, Fernando D. Ramírez-Figueroa

Intelligent Control with LabVIEW™ is a fresh and pragmatic approach to the understanding of a subject often clouded by too much mathematical theory. It exploits the full suite of tools provided by LabVIEW™, showing the student how to design, develop, analyze, and visualize intelligent control algorithms quickly and simply. Block diagrams are used to follow the progress of an algorithm through the design process and allow seamless integration with hardware systems for rapid deployment in laboratory experiments.

This text delivers a thorough grounding in the main tools of intelligent control: fuzzy logic systems; artificial neural networks; neuro-fuzzy systems; evolutionary methods; and predictive methods.

Learning and teaching are facilitated by: extensive use of worked examples; end of chapter problems with separate solutions; and provision of intelligent control tools for LabVIEW™.

Editorial Review

Users Review

From reader reviews:

Louise Hacker:

What do you regarding book? It is not important together with you? Or just adding material when you require something to explain what the ones you have problem? How about your time? Or are you busy man or woman? If you don't have spare time to do others business, it is make you feel bored faster. And you have time? What did you do? Everyone has many questions above. The doctor has to answer that question mainly because just their can do which. It said that about reserve. Book is familiar in each person. Yes, it is proper. Because start from on guardería until university need this specific Intelligent Control Systems with LabVIEW™ to read.

Jose German:

Nowadays reading books become more than want or need but also get a life style. This reading habit give you lot of advantages. The advantages you got of course the knowledge the actual information inside the book that improve your knowledge and information. The knowledge you get based on what kind of publication you read, if you want attract knowledge just go with training books but if you want sense happy read one using theme for entertaining including comic or novel. The actual Intelligent Control Systems with LabVIEW™ is kind of e-book which is giving the reader unstable experience.

Stacy Perry:

This Intelligent Control Systems with LabVIEW™ is brand new way for you who has fascination to look for some information mainly because it relief your hunger details. Getting deeper you upon it getting knowledge more you know or perhaps you who still having bit of digest in reading this Intelligent Control Systems with LabVIEW™ can be the light food for you personally because the information inside that book is easy to get by simply anyone. These books produce itself in the form that is certainly reachable by anyone, yes I mean in the e-book form. People who think that in reserve form make them feel tired even dizzy this reserve is the answer. So you cannot find any in reading a publication especially this one. You can find what you are looking for. It should be here for you actually. So , don't miss it! Just read this e-book type for your better life and also knowledge.

Gwendolyn Mullins:

You may get this Intelligent Control Systems with LabVIEW™ by go to the bookstore or Mall. Simply viewing or reviewing it can to be your solve problem if you get difficulties for ones knowledge. Kinds of this

book are various. Not only by simply written or printed and also can you enjoy this book simply by e-book. In the modern era just like now, you just looking because of your mobile phone and searching what your problem. Right now, choose your personal ways to get more information about your reserve. It is most important to arrange you to ultimately make your knowledge are still revise. Let's try to choose correct ways for you.
