**Septimus Heap, Book One: Magyk** By Angie Sage

**The first book in the internationally bestselling Septimus Heap series by Angie Sage, featuring the funny and fantastic adventures of a wizard apprentice and his quest to become an ExtraOrdinary Wizard.**

*New York Times* Bestselling Series

**“A deliciously spellbinding series opener.” —*Kirkus Reviews* (starred review)**

**“Fun, mystery, and rollicking characters.” —*VOYA* (starred review)**

**“Fluent, charismatic storytelling.” —*ALA Booklist***

Septimus Heap, the seventh son of the seventh son, disappears the night he is born, pronounced dead by the midwife. That same night, the baby's father, Silas Heap, comes across an abandoned child in the snow—a newborn girl with violet eyes. Who is this mysterious baby girl, and what really happened to the Heaps' beloved son Septimus?

The first book in this enthralling series by Angie Sage leads readers on a fantastic journey filled with quirky characters and Magykal charms, potions, and spells. *Magyk* is the original story of lost and rediscovered identities, rich with humor and heart.

## Editorial Review

From Publishers Weekly

Fantasy fans on the younger side of Harry Potter will find a good jolt of action, mystery and humor in Corduner's light and swift reading of this magyk-filled adventure. Infants switched at birth, spell casting, Brownies, boggarts, dastardly villains and wizards add lively scenery and action throughout. Though a broad cast of characters threatens to become unwieldy, Sage's smooth storytelling pace and Corduner's assured, inviting voice keep things on track. Sharp listeners will have young Septimus Heap's fate (and that of Jenna, adopted by his family) figured out before recording's end, but will still enjoy the ride. And since Septimus is the gifted-by-birthright seventh son of a seventh son, and this is the first in a planned trilogy, listeners are left with the anticipation of more to come. Ages 9-up (*Apr.*)

From School Library Journal

Grade 4-8—A wide cast of characters battle the forces of Darke Magyk in a well-realized world of fantasy. At birth, Septimus Heap is carried away for dead, and his father, Silas Heap, is entrusted with a baby girl. When the villainous Supreme Custodian tries to assassinate the now 10-year-old Jenna, who, it turns out, is the daughter of the murdered queen, the girl flees to the Marram Marshes along with some family members, the ExtraOrdinary Wizard, and a young army guard known only as "Boy 412." Pursued by the servants of the Necromancer DomDaniel, and aided by an engaging array of magical beings, they finally prevail in a satisfying and fairly exciting conclusion. Despite the hefty length, the novel is quite easy to follow. Many creative magical elements, such as the deliciously repulsive Magogs, add to the fun. Frequent point-of-view shifts give a well-rounded picture of the multiple plot threads and add many opportunities for light humor. On the other hand, with so many characters represented, it's hard to feel strong empathy for any of them. Jenna, the Queenling, and Boy 412, in particular, nearly emerge as full-blooded individuals at times, but neither quite stands out as an engaging hero. Villains are well drawn and varied, and most are more comical than truly menacing. The ease with which a once-formidable enemy like the Hunter is finally dispatched, however, detracts a bit from the eventual triumph of the protagonists. Overall, this is a fine choice for fantasy readers looking to delve into a new world with lots of magic, plenty of action, and a few neat surprises.—*Steven Engelfried, Beaverton City Library, OR*

Gr. 5-8. As the magically (make that *Magykally*) gifted seventh son of a seventh son, hated and feared by a powerful necromancer, Septimus Heap is more Harry Potter than Artemis Fowl. But unlike most characters who lend their names to fantasy cycles, Septimus--whose birth shortly before chapter one set this series in motion--is killed off in chapter one, whisked away by a midwife shouting, "Dead!" Fast-forward 10 years, when it becomes apparent that Jenna, a foundling girl whom the large, boisterous Heap family has adopted, has her own grand destiny to fulfill. As for Septimus, could it be that his death is more presumed than actual? Many will dismiss this first novel, put off as much by its obvious parallels to existing blockbusters as by elements of affectation (like placing all Magykal spells in distracting bold type). But scores of less-jaded youngsters will lose themselves happily in Sage's fluent, charismatic storytelling, which enfoldes supportive allies and horrific enemies, abundant quirky details, and poignant moments of self-discovery. A CD-ROM with games and extras is tucked inside the front cover of the trade edition. *Jennifer Mattson*
