Early Modernism: Literature, Music, and Painting in Europe, 1900-1916 By Christopher Butler

Early Modernism is a uniquely integrated introduction to the great avant-garde movements in European literature, music, and painting at the beginning of this century, from the advent of Fauvism to the development of Dada.

In contrast to the overly literary focus of previous studies of modernism, this book highlights the interaction between the arts in this period. It traces the fundamental and interlinked re-examination of the languages of the arts brought about by Matisse, Picasso, Schoenberg, Eliot, Apollinaire, Marinetti, Ben, and many others, which led to radically new techniques, such as atonality, cubism, and collage. These changes are set in the context both of the art that preceded them and of a new and profound shift in ideas. Theories of the unconscious, the association of ideas, primitivism, and reliance upon an expressionist intuition led to a reshaped conception of personal identity, and Butler examines the representation of the modernist self in the work of figures including Mann, Joyce, Conrad, and Stravinsky.

Accessible and wide-ranging, the book is lavishly illustrated with over sixty illustrations, many in color. It provides an elegant and incisive guide to a momentous period in the history of European art.

Editorial Review

Review

"A refreshingly generous and generally sensitive account of the early influences on, and the development of, the Modernist movement.... Deserves a wide and attentive readership."--*Times Higher Education Supplement*

"[Butler's] book is valuable and generous, seeing philosophy as an underpinning or a guide, rather than a goal."--*Review of English Studies*

"It is an excellent guide for both staff and students engaged in 'Modernism' courses--and a useful corrective for those who think they understand what artistic modernism was from books on 'Postmodernism'....Generously illustrated--especially so if the paperback price...is borne in mind: no university library should be without it....It is a measure of Christopher Butler's critical balance that he gives Lewis the painter...an important place in the British contribution to European modernism. Anyone interested in either modernism or the postmodern should read it."--*Wyndham Lewis Annual*

About the Author

Christopher Butler is Tutor in English Literature and Curator of Pictures at Christ Church, Oxford.

Users Review

From reader reviews:

James Lindberg:
