Florentine Codex: Book 8: Book 8: Kings and Lords (Florentine Codex: General History of the Things of New Spain) By Bernardino de Sahagun

Two of the world's leading scholars of the Aztec language and culture have translated Sahagun's monumental and encyclopedic study of native life in Mexico at the time of the Spanish Conquest. This immense undertaking is the first complete translation into any language of Sahagun's Nahuatl text, and represents one of the most distinguished contributions in the fields of anthropology, ethnography, and linguistics. Written between 1540 and 1585, the Florentine Codex (so named because the manuscript has been part of the Laurentian Library's collections since at least 1791) is the most authoritative statement we have of the Aztecs' lifeways and traditions—a rich and intimate yet panoramic view of a doomed people. The Florentine Codex is divided by subject area into twelve books and includes over 2,000 illustrations drawn by Nahua artists in the sixteenth century. Book Eight lists the rulers of Tenochtitlan from the first, Acamapichtli, to the sixteenth, Don Cristobal Cecepatic. It also documents the rulers of the ancient Aztec cities of Tlatilco, Texcoco, and Uexotla. Several chapters are devoted to describing the various articles of clothing that the rulers and noblemen wore and the foods they ate for differing ceremonies and activities.

Editorial Review

Review

“Highly recommended for all academic and large public libraries.”—*Choice*

“A great scholarly enterprise.”—*New Mexico Historical Review*

“Bringing the knowledge of modern scholarship to bear on their materials, the translators have been able to illuminate many obscurities in the text. The complete series of volumes is a landmark of scholarly achievement.”—*The New Mexican*

“This publication of Sahagún makes available to scholars and their students alike the original Nahuatl text for comparison with the more easily accessible Spanish text, which is in many places merely an abridgment or précis of the original. A whole series of native sources for the study of Mexican pre-conquest history is now at hand for a field of historical study formerly restricted to a small number of investigators. A whole chapter of the cultural history of early Colonial Mexico is unfolding before us. [The Codex is] an impressive monument to Spanish humanism in the sixteenth-century New World.”—*The Hispanic American Historical Review*

“Sahagún emerges as the indisputable founder of ethnographic science. The accomplishments of the joint translators, Dibble and Anderson, will surely rank among the greatest achievements of American ethnohistorical scholarship.”—*Natural History*

About the Author

Two of the world's leading scholars of the Aztec language and culture have translated Sahagún's monumental and encyclopedic study of native life in Mexico at the time of the Spanish Conquest. This

immense undertaking is the first complete translation into any language of Sahagún's Nahuatl text, and represents one of the most distinguished contributions in the fields of anthropology, ethnography, and linguistics.

Written between 1540 and 1585, the *Florentine Codex* (so named because the manuscript has been part of the Laurentian Library's collections since at least 1791) is the most authoritative statement we have of the Aztecs' lifeways and traditions—a rich and intimate yet panoramic view of a doomed people.

The *Florentine Codex* is divided by subject area into twelve books and includes over 2,000 illustrations drawn by Nahua artists in the sixteenth century.

Book Eight lists the rulers of Tenochtitlan from the first, Acamapichtli, to the sixteenth, Don Cristobal Cecepatic. It also documents the rulers of the ancient Aztec cities of Tlatilco, Texcoco, and Uexotla. Several chapters are devoted to describing the various articles of clothing that the rulers and noblemen wore and the foods they ate for differing ceremonies and activities.

Users Review

From reader reviews:

Joseph Singleton:

A lot of people always spent all their free time to vacation or perhaps go to the outside with them family or their friend. Were you aware? Many a lot of people spent they will free time just watching TV, or perhaps playing video games all day long. If you would like try to find a new activity that is look different you can read some sort of book. It is really fun in your case.
