Meaning in Language: An Introduction to Semantics and Pragmatics (Oxford Textbooks in Linguistics) By Alan Cruse

This book provides a comprehensive introduction to the ways in which meaning is conveyed in language, covering not only semantic matters but also topics normally considered to fall under pragmatics. Above all, the book displays and explains the richness and subtlety of meaning, with the aid of numerous examples and exercises throughout the text. Highly readable, written with style and wit, *Meaning in Language* is not bound to any particular theory, but provides explanations of theoretical approaches and perspectives as the context requires, with a stress throughout on the need for conceptual clarity.

The text and exercises in this third edition have been fully updated to take into account the most recent developments in the field and new chapters have been added, one on the semantics of prepositions and another on the semantics of derivational affixes.

Editorial Review

Review

Praise for the Second Edition

"Enjoyable throughout...an extremely good textbook. ... Certainly, the cognitive theory of meaning will get a boost with this introductory textbook."--*Linguist List*

About the Author

Alan Cruse was formerly Senior Lecturer in Linguistics at the University of Manchester.

Users Review

From reader reviews:

Timothy Rowe:

Here thing why this Meaning in Language: An Introduction to Semantics and Pragmatics (Oxford Textbooks in Linguistics) are different and reliable to be yours. First of all studying a book is good but it depends in the content of it which is the content is as scrumptious as food or not. Meaning in Language: An Introduction to Semantics and Pragmatics (Oxford Textbooks in Linguistics) giving you information deeper and in different ways, you can find any publication out there but there is no publication that similar with Meaning in Language: An Introduction to Semantics and Pragmatics (Oxford Textbooks in Linguistics). It gives you thrill looking at journey, its open up your current eyes about the thing in which happened in the world which is possibly can be happened around you. You can actually bring everywhere like in recreation area, café, or even in your technique home by train. When you are having difficulties in bringing the imprinted book maybe the form of Meaning in Language: An Introduction to Semantics and Pragmatics (Oxford Textbooks in Linguistics) in e-book can be your substitute.

Fern Rodriquez:

In this period of time globalization it is important to someone to obtain information. The information will make professionals understand the condition of the world. The healthiness of the world makes the information easier to share. You can find a lot of recommendations to get information example: internet, classifieds, book, and soon. You will observe that now, a lot of publisher that will print many kinds of book. The particular book that recommended to you is Meaning in Language: An Introduction to Semantics and Pragmatics (Oxford Textbooks in Linguistics) this publication consist a lot of the information in the condition of this world now. This kind of book was represented so why is the world has grown up. The terminology styles that writer use for explain it is easy to understand. The writer made some exploration when he makes this book. This is why this book suited all of you.

Kirk Banks:

Do you like reading a e-book? Confuse to looking for your chosen book? Or your book ended up being rare? Why so many problem for the book? But virtually any people feel that they enjoy regarding reading. Some people likes reading, not only science book but novel and Meaning in Language: An Introduction to Semantics and Pragmatics (Oxford Textbooks in Linguistics) or others sources were given understanding for you. After you know how the fantastic a book, you feel need to read more and more. Science guide was created for teacher or even students especially. Those textbooks are helping them to add their knowledge. In other case, beside science publication, any other book likes Meaning in Language: An Introduction to Semantics and Pragmatics (Oxford Textbooks in Linguistics) to make your spare time a lot more colorful. Many types of book like this.

Adam Cuyler:

As a college student exactly feel bored to be able to reading. If their teacher questioned them to go to the library in order to make summary for some book, they are complained. Just little students that has reading's heart or real their pastime. They just do what the trainer want, like asked to the library. They go to there but nothing reading seriously. Any students feel that reading through is not important, boring and can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this Meaning in Language: An Introduction to Semantics and Pragmatics (Oxford Textbooks in Linguistics) can make you truly feel more interested to read.
