The Gathering of the Forces of Light: UFOs and their Spiritual Mission By Benjamin Creme

This is a book about UFOs, *but with a difference*. It is written by someone who has worked with them and knows about them from the inside. Benjamin Creme sees the presence of UFOs as planned and of immense value for the people of Earth.

According to Creme, the UFOs and the people in them are engaged in a spiritual mission to ease humanity's lot and to save this planet from further and faster destruction. Our own planetary Hierarchy, led by Maitreya, the World Teacher, now living among us, works tirelessly with our Space Brothers and Sisters in a fraternal enterprise to restore sanity to this Earth.

Creme shows how all the planets in our solar system are inhabited, but on physical levels beyond human sight, the so-called etheric planes. The spacecraft are constructed on the same principle; they too are in etheric matter and have complete control of energies in space. Our Space Brothers are responsible not only for crop circles, but also for preparing the way on Earth for a new technology of light which will give us unlimited power from the sun. When we banish war for ever and are endeavoring to live in right relationship, that technology will be ours.

For the Spiritual Hierarchy of both our own and the sister planets of our system, right human relationship involves the end of competition and the beginning of an era of co-operation with -- sharing, justice and freedom as its hallmarks.

The book also addresses the emergence of new and more inclusive forms of education, which will be needed as we experience a huge shift in consciousness and a growing awareness of the richness of life ahead, unfettered by the stranglehold of commercialism and the dominance of market forces.

According to the author, the truth will soon be apparent for all to see, awakening humanity to their own divinity and the establishment of the rule of spiritual law on Earth.

Editorial Review

Review

...For those seeking information about the how and why of UFO activity... this fascinating book holds the answers to many questions about the space people and their spaceships, providing specific information not found elsewhere.... This is also the definitive book on more effective approaches to education, including the parenting of children.... The basic contents are: Part One about the Space Brothers and their UFOs, and Part Two about Education in the New Age ...

Benjamin Creme is in constant touch with His Master ...one of the 63 Masters of Wisdom who make up Earth's Spiritual Hierarchy. It is this communication link with his Master as well as Creme's own extensive personal experiences that source the information... his story of our space visitors and their mission of mercy a spiritual mission...

Most of the UFO craft and crews, who are here in their thousands, come from our neighbouring planets of Venus and Mars. Mr Creme describes at least two major world crises where we received help behind the scenes from our Space Brothers to prevent disaster... with the help of the space people withdrawing negative energy, a very possible nuclear Third World War was avoided twice... Planet Earth is holding back the evolution of the solar system because we have not stopped war or pollution...

The mission of the UFOs and Space Brothers is to help humanity in at least five primary areas... Firstly, to help keep our planet alive by cleaning up our pollution... Secondly, to create the beautiful crop circles appearing around the world... Thirdly, by creating a beautiful star... Maitreya's star ... the Forces of Light are preparing the way for Maitreya to come forward, when the time is right, to work openly with humanity in creating a brilliant civilization on Earth. The star is visible on clear nights and days, until the World Teacher comes forward and addresses humanity on His Day of Declaration... The fourth aim of the Forces of Light is helping Earth's humanity to move forward in our evolution. ... Right relationship is the next destined step forward for humanity, and with the help of the Space Brothers and the emergence of our own Hierarchy of Masters, that will quickly come to be. ...Firstly, the space people are role-models for the establishment of right relationship.... A central theme of Creme's message throughout is that no one else can do the work for us. We can receive advice and teachings, but we must do the work of reconstruction of our society and our planet. As Maitreya says: Man must act and implement his will. Nothing happens by itself.

...Part Two deals with the changes in education in the coming time a time of new science and of an increasing awareness of who we really are and of the forces at work around us... The New Education , an article by his Master, addresses our existence as souls, our evolution through the Law of Rebirth and the need for education that addresses life, not just jobs.... The new education will teach and reveal our personality makeup, our energetic makeup, and our personal stage of development on the evolutionary path... The Family focuses on the family unit as the basis of all social life and the need to ... institute the training and requirements for family life.... Millions of young people are allowed to enter this field of service [parenting] the most difficult in the world for the most part devoid of training of any kind.

...The book concludes with a summary of Transmission Meditation, a free group meditation and one of the most powerful meditations in the world, introduced at his Master's request by Benjamin Creme in 1974. It is practiced by groups around the world...

About the Author

Benjamin Creme, a British artist and long-time student of the Ageless Wisdom Teachings, has become a principal source of information about the emergence of Maitreya, the World Teacher. In 1959, Creme received his first telepathic message from a Master of Wisdom. Not long after, he was informed that Maitreya would return within 20 years and that he (Creme) would be given the opportunity to play an active role in this event if he chose to do so.

In 1972, under this Master's direction, Creme began a period of arduous and intensive training, as a result of which their telepathic contact became, and remains, continuous and immediate. This relationship has given him access to constant up-to-date information on the progress of Maitreya's emergence and the total conviction necessary to present that information to a skeptical world.

Creme lectures by invitation throughout Europe, North America and the Pacific Rim, and is regularly interviewed on radio and television. He receives no remuneration for this work and makes no claims about his own spiritual status. His books have been translated and published in numerous languages by groups worldwide who have responded to his message. He is also editor of *Share International*, a monthly magazine read in over 70 countries.

"My task", Creme says, "has been to make the initial approach to the public, to help create a climate of hope and expectancy into which Maitreya can emerge without infringing our freewill."

Says Max Allen of the Canadian Broadcasting Corporation: "The Maitreya story is important, and Creme is an admirable spokesman."
