**Voyage to Venus, Part 1 (Dan Dare: Pilot of the Future)** By Frank Hampson

It's chocks away and tally-ho, chaps - Dan Dare, Pilot of the Future, is back! First published in classic British comic *The Eagle*, these are the original adventures of one of the best known and loved of British comic characters, presented in a new series of gorgeous library editions from Titan. In the first part of this rip-snorting story, Dan and his crew travel to Venus, hoping to find new resources to feed a starving Earth. But the planet is already the lair of the pint-sized megalomaniac, The Mekon, who has his own plans to conquer Earth! Includes background material exclusive to this book, with rarely seen art pages, an in-depth introduction to Dan Dare, and a new foreword by Dave Gibbons (*Watchmen*).
