Economics of Money, Banking and Financial Markets, The, Business School Edition (4th Edition) (The Pearson Series in Economics) By *Frederic S. Mishkin*

For courses in Money and Banking or General Economics.

An Analytical Framework for Understanding Financial Markets

The Economics of Money, Banking and Financial Markets, Business School Edition brings a fresh perspective to today's major questions surrounding financial policy. Influenced by his term as Governor of the Federal Reserve, Frederic Mishkin offers readers a unique viewpoint and informed insight into the monetary policy process, the regulation and supervision of the financial system, and the internationalization of financial markets.

Continuing to set the standard for money and banking courses, the **Fourth Edition** provides a unifying, analytic framework for learning that fits a wide variety of topics. Core economic principles organize readers' thinking, while current real-world examples engage and motivate.
