Fight Club: A Novel By Chuck Palahniuk

The first rule about fight club is you don't talk about fight club.

In his debut novel, Chuck Palahniuk showed himself to be his generation's most visionary satirist. *Fight Club*'s estranged narrator leaves his lackluster job when he comes under the thrall of Tyler Durden, an enigmatic young man who holds secret boxing matches in the basement of bars. There two men fight "as long as they have to." A gloriously original work that exposes what is at the core of our modern world.

Editorial Review

From Publishers Weekly

Featuring soap made from human fat, waiters at high-class restaurants who do unimaginable things to soup and an underground organization dedicated to inflicting a violent anarchy upon the land, Palahniuk's apocalyptic first novel is clearly not for the faint of heart. The unnamed (and extremely unreliable) narrator, who makes his living investigating accidents for a car company in order to assess their liability, is combating insomnia and a general sense of anomie by attending a steady series of support-group meetings for the grievously ill, at one of which (testicular cancer) he meets a young woman named Marla. She and the narrator get into a love triangle of sorts with Tyler Durden, a mysterious and gleefully destructive young man with whom the narrator starts a fight club, a secret society that offers young professionals the chance to beat one another to a bloody pulp. Mayhem ensues, beginning with the narrator's condo exploding and culminating with a terrorist attack on the world's tallest building. Writing in an ironic deadpan and including something to offend everyone, Palahniuk is a risky writer who takes chances galore, especially with a particularly bizarre plot twist he throws in late in the book. Caustic, outrageous, bleakly funny, violent and always unsettling, Palahniuk's utterly original creation will make even the most jaded reader sit up and take notice. Movie rights to Fox 2000.

In the world of *Fight Club*, healthy young people go to meetings of cancer support groups because only there can they find human warmth and compassion. It's a world where young men gather in the basements of bars to fight strangers "just as long as they have to." And it's a world where "nobody cared if he lived or died, and the feeling was fucking mutual." Messianic nihilist Tyler Durden is the inventor of *Fight Club*. Soon thousands of young men across the country are reporting to their work cubes with flattened noses, blackened eyes, and shattered teeth, looking forward to their next bare-knuckle maiming. The oracular, increasingly mysterious Durden then begins to harness the despair, alienation, and violence he sees so clearly into complete anarchy. Every generation frightens and unnerves its parents, and Palahniuk's first novel is gen X's most articulate assault yet on baby-boomer sensibilities. This is a dark and disturbing book that dials directly into youthful angst and will likely horrify the parents of teens and twentysomethings. It's also a powerful, and possibly brilliant, first novel. *Thomas Gaughan*

From Kirkus Reviews

Brutal and relentless debut fiction takes anarcho-S&M chic to a whole new level--in a creepy, dystopic, confrontational novel that's also cynically smart and sharply written. Palahniuk's insomniac narrator, a drone who works as a product recall coordinator, spends his free time crashing support groups for the dying. But his after-hours life changes for the weirder when he hooks up with Tyler Durden, a waiter and projectionist with plans to screw up the world--he's a ``guerilla terrorist of the service industry.'' ``Project Mayhem'' seems taken from a page in *The Anarchist Cookbook* and starts small: Durden splices subliminal scenes of porno into family films and he spits into customers' soup. Things take off, though, when he begins the fight club--a gruesome late-night sport in which men beat each other up as partial initiation into Durden's bigger scheme...This brilliant bit of nihilism succeeds where so many self-described transgressive novels do not: It's dangerous because it's so compelling. Robert Hay:

The knowledge that you get from Fight Club: A Novel will be the more deep you rooting the information that hide into the words the more you get thinking about reading it. It doesn't mean that this book is hard to be aware of but Fight Club: A Novel giving you joy feeling of reading. The article author conveys their point in particular way that can be understood through anyone who read that because the author of this reserve is well-known enough. This particular book also makes your vocabulary increase well. Making it easy to understand then can go along with you, both in printed or e-book style are available. We recommend you for having that Fight Club: A Novel instantly.

Larry Parrish:

As a university student exactly feel bored to help reading. If their teacher requested them to go to the library or even make summary for some e-book, they are complained. Just tiny students that has reading's spirit or real their hobby. They just do what the trainer want, like asked to go to the library. They go to there but nothing reading seriously. Any students feel that studying is not important, boring as well as can't see colorful pics on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this Fight Club: A Novel can make you really feel more interested to read.

Sunny Weaver:

E-book is one of source of understanding. We can add our know-how from it. Not only for students but in addition native or citizen have to have book to know the update information of year to be able to year. As we know those books have many advantages. Beside we add our knowledge, could also bring us to around the world. With the book Fight Club: A Novel we can take more advantage. Don't you to be creative people? To become creative person must choose to read a book. Simply choose the best book that acceptable with your aim. Don't become doubt to change your life at this book Fight Club: A Novel. You can more inviting than now.
