### **Editorial Review**

#### **Review**

Ms. Moomaw demystifies the magic of music by masterfully weaving together simple, high-interest songs and inexpensive, easy-to-make musical instruments. More Than Singing embodies a wholistic learning approach integrating songs with literacy, math, motor and cognitive skills...a wonderful complimentary to Moomaw and Hieronymus' books More Than Counting and More Than Magnets. -- *Cindy Schneider, M.S.W., Program Coordinator/Parent Educator*

Sally Moomaw knows music, children, and teachers. She provides enough ideas to keep teachers and children learning and creating for years. More Than Singing is a significant contribution to early childhood education's professional literature. I recommend it highly to students, teachers, parents, and as a curriculum course text. -- *Anne G. Dorsey, Professor of Education, University of Cincinnati*
