**Rides a Dread Legion: Book One of the Demonwar Saga** By Raymond E. Feist

The remnants of the Clan of the Seven Stars are returning to their long abandoned homeworld . . . but not as friends. The elves, led by the conjurer Laromendis, flee the relentless demon hordes sweeping through their galaxy—and the conquest of war-weary Midkemia is the Clan's sole hope for survival . . . if the Dread Legion does not pursue them through the rift.

The magician Pug knows what horrors will surely follow the elven invasion, for slaughter alone will sate Demon King Maarg's minions. For the death tide to be turned, Midkemia's constant defender must somehow unite bitter foes and vengeful former lovers—because failure to do so will mean annihilation.

### Editorial Review

#### Review

“With his storytelling mastery and ear for colorful language and nuance, the author of numerous books set in the dual worlds of Midkemia and Kelewan here launches a series that takes his fantasy universe into a whole new phase.” (Library Journal)

#### From the Back Cover

The last remnants of an ancient advanced race, the Clan of the Seven Stars, are returning at long last to their lost homeworld, Midkemia—not as friends, but as would-be conquerors. Led by the conjurer Laromendis, they are fleeing the relentless demon hordes that are sweeping through their galaxy and destroying the elves' vast empire planet by planet. Only by escaping to Midkemia and brutally overtaking the war-weary world can the last remnants of a mighty civilization hope to survive . . . if the Dread Legion does not pursue them through the rift.

The magician Pug, Midkemia's brave and constant defender, is all too familiar with the Demon King Maarg and his minions and their foul capacity for savagery and horror, and he recognizes the even graver threat that is following on the heels of the elven invasion. The onslaught to come will dwarf every dire catastrophe his imperiled world has previously withstood, and there is no magical champion in all of Midkemia powerful enough to prevent it. Only one path remains for Pug and Midkemia's clandestine protectors, the Conclave of Shadows: forging an alliance of formidable magical talents, from the demon-dealing warlock Amirantha, brother of Pug's hated foe, and the demon-taming cleric Sandreena, to the elven Queen Miranda, to the warrior Tomas. However, uniting enemies and bitter, vengeful former lovers will be no easy task, and even together they may ultimately be unable to turn the death tide. But a failure to do so will most certainly ensure Midkemia's doom.
