## Last Night in Montreal By Emily St. John Mandel

When Lilia Albert was a child, her father appeared on the doorstep of her mother's house and took her away. Now, haunted by an inability to remember much about her early childhood, Lilia moves restlessly from city to city, abandoning lovers and eluding the private detective who has dedicated a career to following close behind.

Then comes Eli. When Lilia goes out for a paper and fails to return to their Brooklyn apartment, he follows her to Montreal, not knowing whether he wants to disappear, too, or help her find her way home. But what he discovers is a deeper mystery, one that will set past and present spinning toward collision.

## Editorial Review

From Publishers Weekly

A young woman with a habit of running away runs away yet again in Mandel's competent if unremarkable debut. As Eli finishes another grim day of work on his thesis (its topic: dead and dying languages) in his Brooklyn apartment, he realizes his girlfriend, Lilia, never returned after going out for the newspaper that morning. About a month later, Eli gets a postcard from someone named Michaela in Montreal telling him that Lilia is there, so he heads north, leaving (thankfully) his insufferable friends behind to natter on about art without him. His quest is interspersed with flashbacks to Lilia's childhood: her father kidnaps her at age seven from her mother's house, and the two go on the lam. Back in present-day Montreal, Eli meets Michaela, who happens to be the daughter of the detective who years ago worked on Lilia's abduction case, and together they try to fill in the blanks of Lilia's past. While the plot is interesting enough, the prose often feels forced and the characters sometimes amount to accumulations of quirks, whimsies and neuroses. An intriguing idea, but the delivery isn't quite there. (*June*)

From School Library Journal

When Lilia Albert is seven, the father she has not seen in more than a year suddenly appears in the middle of the night and steals her away from her rural Canadian home. She is never again seen by her mother or brother. Instead, her independently wealthy dad moves her from one U.S. city to another, along the way educating her in matters both practical and not. Is he a spurned ex-husband who refuses to accept the court's custody decision? Or is he Lilia's savior, taking her away from something awful? When the novel opens, Lilia is a twentysomething Brooklyn dishwasher living with a disgruntled grad student named Eli Jacobs. When Lilia unceremoniously leaves him—a pattern she's perfected—Eli is bereft. As he obsessively searches for her, the story integrates the viewpoints of private investigator Christopher Graydon and Graydon's neglected daughter, Michaela, who has long resented Lilia's looming presence in her family's life. While the plot is occasionally contrived, the fast pacing and unusual characters make this a compelling first novel.

Highly recommended for all contemporary fiction collections.—Eleanor J. Bader, Brooklyn, NY

## Review

"I knew it belonged with all those other books on my bookshelves that make me happy just knowing that they're there ... The story is important (and the ending is breathtaking), but the plot details are not — to me — the most important aspect of Mandel's novel. For me, that would be the characters and the writing. Each of the characters — major and minor — is wholly alive, three-dimensional in all their complexity, bad choices, general quirkiness and flawed decisions... And the writing simply blew me away."—Nancy Pearl on NPR's Morning Edition

"[A] taut, gripping debut ... elegantly compelling."—Booklist

"The pages fly, and the final period leaves a palpable sense of loss."—Paste Magazine

"Mandel chooses her words with careful love and arranges them to exquisite effect. At its heart this book is a mystery, a few mysteries; we wait and we wonder while being charmed by Mandel's intricate narrative dance which threads three different moving plot lines together into a perfectly tangled tapestry. Like a tightrope walker's steps above a cobblestoned alley, her lines follow each other with near breathless

precision and echo delicately long after the final page has been turned.” —ForeWord Magazine

"Mandel tells an utterly absorbing story, pulling readers down the rabbit hole and keeping them racing through its long, strange warrens. The writing is vibrant, and Lilia is a vivid and haunting character. ... Last Night in Montreal is an exciting debut: a thriller, a love story, and a quiet ballad about life's fleeting connections."—Quill & Quire

"What carries the tale are the finely wrought characterizations of Eli and Lilia and, unexpectedly, Christopher, the detective, who becomes an essential cog in the expanding machinery of Mandel's plot - yet the book remains far from a whodunit. "What we're made to ponder is the mystery of human connection: how it is born, how it fades and dies and revives, how love defines us or leaves us undone."—The Globe and Mail

## **Users Review**

### **From reader reviews:**

#### **Henrietta Roderick:**

Within other case, little folks like to read book Last Night in Montreal. You can choose the best book if you appreciate reading a book. Provided that we know about how is important the book Last Night in Montreal. You can add expertise and of course you can around the world by a book. If I were you I will go to the book store hurriedly.

#### **Diana Erickson:**

Beside this specific Last Night in Montreal in your phone, it can give you a way to get closer to the new knowledge or facts. The information and the knowledge you are going to got here is fresh from the oven so don't be worry if you feel like an previous people live in narrow commune. It is good thing to have Last Night in Montreal because this book offers to your account readable information. Do you often have book but you would not get what it's about. Oh come on, that won't happen if you have this inside your hand. The Enjoyable blend here cannot be questionable, like treasuring beautiful island. Use you still want to miss this? Find this book as well as read it from right now!

**Curtis Swasey:**

As a university student exactly feel bored in order to reading. If their teacher asked them to go to the library as well as to make summary for some publication, they are complained. Just very little students that has reading's heart or real their interest. They just do what the instructor want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that examining is not important, boring as well as can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for you. As we know that on this time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this Last Night in Montreal can make you feel more interested to read.
