**The Art of a Beautiful Game: The Thinking Fan's Tour of the NBA** By Chris Ballard

In *The Art of a Beautiful Game*, Chris Ballard, the award-winning *Sports Illustrated* writer who has covered the NBA for the past decade, goes behind the scenes to examine basketball in ways that will surprise even die-hard fans. An inveterate hoops junkie who played some college ball, Ballard sits down with the NBA's most passionate, cerebral players to find out their tricks of the trade and to learn what drives them, taking readers away from the usual sports talk radio fodder and deep into the heart of the game.

Ballard talks to Dwight Howard, a prolific shot-blocker, about the enervating feeling of meeting another man at the height of his leap; challenges Steve Kerr to a game of H-O-R-S-E to understand the mentality of a pure shooter; reveals the roots of Kobe Bryant's unmatched killer instinct; and spends time with LeBron James to better understand both his mental game and his seemingly unlimited physical skills. He tracks down renowned dunkers from Dominique to Shaq to explore the impact of the dunk on the modern game, shadows Shane Battier during his preparations to defend LeBron, takes lessons from a freethrow shooting guru who once hit 2,750 in a row, and attends an elite NBA training camp to feel the pain that turns a prospect into a pro.

Packed with lively characters and basketball history, and grounded in superb writing and the reportage that is the hallmark of *Sports Illustrated*, *The Art of a Beautiful Game* is an often witty, always insightful look at the men like Steve Nash, Yao Ming, and Alonzo Mourning who devote themselves to this elegant and complicated sport. It ultimately provides basketball fans what they all want: an inside read on the game they love.

### Editorial Review

From [Booklist](#)

**\*Starred Review\*** The conventional wisdom among casual NBA fans holds that the game is an improvisational, formless shoot-a-thon played by undisciplined athletes whose abilities are the product of genetics rather than practice. To which Sports Illustrated reporter Ballard replies, "Ha!" He explores such topics as killer instinct in a chapter on Los Angeles Lakers' star Kobe Bryant in which it's revealed that his legendary competitiveness can be traced back to a summer league where, as a 12 year-old matched against NBAers and collegiates, he didn't score a single point. Never again. He also explores the big man's world by examining the games of Shaquille O'Neal, Yao Ming, and Hall-of-Famer David Robinson. There are chapters revolving around pure shooters ( Ray Allen), point guards (Steve Nash), and rebounders (Ben Wallace). In his examination of the free throw, he profiles Tom Amberry, a retired podiatrist who, in 1993 at 71, made 2,750 consecutive free throws over 10 hours in front of 10 paid witnesses. Amberry's feat and the Steve Nash profile are worth the price of the book. Ballard's previous foray into book-length basketball journalism was Hoops Nation, a 1999 Booklist Top 10 sports book. The titular thinking fans will find their admiration confirmed; casual fans will see the light and find themselves converted. Hallelujah! --Wes Lukowsky

### Review

" People love to claim that pro athletes never have anything interesting to say, but that's because they're usually asked stupid, nonessential questions. Yet ask any talented man about the details of his craft and he will inevitably tell you everything you need to know, including who that man truly is. And that's what Chris Ballard has done. This is a basketball book for people who actually care *about basketball*." -- **CHUCK KLOSTERMAN, AUTHOR OF *EATING THE DINOSAUR***
